## About EWN

---

ENERGY worldnet, Inc. (EWN) was founded to provide operators and contractors in the energy and utility industries with the very best training in Operator Qualification (OQ) compliance solutions. This purpose, combined with an unparalleled customer service philosophy, has positioned EWN as a leader in OQ compliance nationwide.

Located in Decatur, Texas, ENERGY worldnet currently employs a staff of dedicated industry professionals committed to providing best-in-class compliance services and solutions. Our customer first philosophy, superior technological tools, and quality OQ and regulatory training content will significantly increase your employee training efficiency, improve your workplace safety, and strengthen your employee's knowledge, skills, and abilities.

EWN is the trusted leader in Compliance Management and Workforce Development.

## About The EWN Conference & Training Summit

---

The EWN Conference & Training Summit will be held June 20-22, 2017 at Texas Motor Speedway (TMS) in Fort Worth, Texas. The EWN Conference & Training Summit will be the premier event for compliance management and workforce development on the calendar for 2017. With TMS as a backdrop, the industry's leaders will network, train and push the industry forward as it moves into a crucial time of change.

TMS's Speedway Club offers stunning ballrooms, scenic views of the racetrack and plenty of space for breakout sessions. The track also offers unique experiences, such as: driving schools, racecar rides, tours and more. This venue is going to provide a fast-paced atmosphere for a fast-paced industry.
